ROLES		
Safety Person/ Charge Person	Call Person	Control Person
<ul style="list-style-type: none"> • Initially takes control of the situation. • Instructs player to lay still and bystanders, such as other players, not to move player. • Do not move the athlete. • Assesses injury status of player, decide if an ambulance/medical care is required. • If the injury is serious and warrants immediate attention that you are not qualified to provide, make your predetermined signal to your call person, control person and your pre-determined first aid/medical person. 	<ul style="list-style-type: none"> • Makes call when emergency assistance is required • Knows location of alternate phones in the facility being played in. Has change or a phone card if necessary. • Ideally at all games and practices and not involved on the field • Has a list of emergency phone numbers in the area • Has a map of the field 	<ul style="list-style-type: none"> • Pre-determines the location of the emergency equipment or AED in the facility. • Retrieves the first aid kit and/or AED and bringing to the injured player if requested. • Seeks highly-trained medical personnel in the facility if requested by the Charge Person. • Ensures teammates, other participants and spectators are not in the way of the charge person. • Advises opponents, officials and parents of the steps being taken. • Ensures the quickest and best route for the ambulance crew is clear and accessible. • Meets the ambulance on its arrival and directs EMS to the injured player.

IMPORTANT REMINDERS

The game official continues to assume the role of being in charge of the overall environment.

It is important for officials to note that if the safety person makes the signal for assistance that there may be a number of pre-determined people who will respond and will require access to the field
